*RMSMT Accreditation
Information and
Two Track Option*

Rocky Mountain
School of Ministry and Theology

Prepare at RMSMT. Why?

Our Quality

At Rocky Mountain School of Ministry and Theology (RMSMT), we are dedicated to providing the highest quality programs and graduate level classes for the glory of God and the advancement of his kingdom here on earth. Our courses meet regional and national accreditation standards of academic integrity.

Our Master's degrees give skills to dig deeper into the Word of God to both understand it theologically and practically.

Accreditation Information

The Rocky Mountain School of Ministry and Theology is authorized by the Colorado Commission on Higher Education under the Degree Authorization Act, C.R.S., 23-2-103.3 (4), to offer degrees and/or degree credits which are religious in nature. This authorization was issued December 4, 2014.

We at RMSMT offer high quality degrees authorized by the State of Colorado. In our relationship with Lincoln Christian University (LCU), we also have created an option for those who wish to have a regionally accredited degree to do so. Many of our courses (in most cases about one-half of the required courses for their degrees) are transferable to LCU into their graduate programs leading to their Master of Arts in Bible and Theology, Master of Divinity, and other Masters degrees.

Since some students will choose to pursue a regionally accredited degree while others will pursue our "authorized" degree, we have formulated the

following **two track** option for students who enroll in our school:

TRACK 1

Fully Regionally Accredited MA Degree: This track would be chosen by students who want a nationally or regionally accredited degree approved by the United States Department of Education. In this scenario, a student would take an LCU approved number of classes here at RMSMT that would transfer into one of LCU's masters programs where the student would finish his or her degree (all of it online in some cases). The number of approved and transferable classes would be set by LCU through articulation agreements with RMSMT for different LCU degrees. Since we do not offer a Master of Divinity degree this would be an excellent track for any student who chooses to do so to start with us and then finish that degree at LCU. Students on this track could go on to receive not only a Master of Divinity degree but also a Doctor of Ministry at LCU or elsewhere. They could also transfer from LCU into a PhD program at another school.

TRACK 2

Authorized MA Degree: This track would be chosen by students who want a bonafide MA degree from RMSMT which is authorized by the State of Colorado but are not concerned about national or regional accreditation or who feel they cannot afford a nationally or regionally accredited degree at this time. Following this track a student would enter our program at RMSMT and take the same courses with the same requirements and rigor as those in track 1. (As such, if a student desired to switch to Track 1, he or she could do so at any time and transfer LCU-articulation-agreement-approved-classes into LCU programs). If the student remains on Track 2, he or she could potentially go on to receive Master of Divinity, Doctor of Ministry, and PhD degrees from other authorized (non-regionally/nationally accredited) schools.

Track 1 Advantages:

- The student receives a regionally or nationally accredited degree approved by the United States Department of Education.
- The student takes up to half of the credits required for an LCU degree at RMSMT at half the price of other graduate schools (or much less if the student is from a third world country)
- The student will be able to go on to do further graduate study at accredited or non-accredited schools
- Students who transfer into LCU's Master of Arts in Bible and Theology can potentially take some further courses with ICOC professors who are employed by LCU in that program.

Track 2 Advantages:

- The student receives a bonafide Master's Degree from RMSMT. We are committed to offer courses with the same MA academic rigor for both tracks in line with the academic standards that one would encounter at an accredited institution like LCU. As such, our authorized degree will require the same academic rigor as those who decide to follow Track 1.
- The cost of the authorized degree will be approximately less than half of most accredited graduate degrees at regionally or nationally accredited-schools in the US for first world students. This is projected to cost much less for students in third world countries.
- The student may be able to go on to do further graduate study at non-accredited schools and possibly even at accredited schools
- Students will be able to take all their course work with ICOC professors
